

1395 BOSCO TV UNIT

As well as accommodating your television, the Bosco TV cabinet provides space for placement of your smart box and DVD player. There are four cable openings placed conveniently at the back of the unit. The oak cabinet also offers two deep drawers providing plenty of storage space for DVD's and games. Curved recessed drawer handles are both wonderfully tactile and simply elegant. The television cabinet features curved finger joints on the top corners of the cabinet and finger joint details on all the drawer fronts. This piece of oak furniture is finished in our clear matt lacquer, providing protection whilst at the same time showing the beauty of the timber.
