

## 2646 ROMANA SMALL SIDEBOARD

This oak sideboard combines a large storage cupboard with three drawers for additional storage. The front edge of the sideboard top bears the signature soft curve, and the legs have the fluid organic curves and chamfers, that characterise Romana. Fluid wave-shaped cut-out recesses provide the door and drawer handles, another design signature of the range. The cupboard section has a wooden shelf mounted on pins and can be adjusted in height. The three drawers and the door hinges have soft-close mechanisms to give a gentle shut. This lovely piece of oak furniture is finished in a clear matt lacquer to show the beauty of the natural timber.
