

3664 TERAMO SMALL SIDEBOARD

The Teramo small sideboard in pale oak is elegantly designed, inspired by the purity of Shaker style, yet incorporating traditional elements such as dovetail jointed drawers and an overhanging top. There are two drawers above, with two cupboard doors below opening to show a spacious cupboard with a single deep adjustable shelf. The ercol design ethos shows in the detailing, such as the distinctive oval handles and elegant turned legs. A contemporary design classic.
