

3856 WINDSOR CORNER CABINET

This elegant Windsor corner cabinet offers maximum functionality. Fitting perfectly into the corner of your room, this cabinet is the perfect use of space. Two glass shelves are visible through the glass door and these combined with the internal down light make this the ideal space to display glassware and crockery. The storage cupboard contains one adjustable storage shelf, offering additional hidden storage space. The ground glass oval on the display door mirrors the recessed shapes on the ash wooden door handle beneath, indicative of the attention to detail and skilled craftsmanship for which ercol is well known. This Windsor corner cabinet will be finished in your choice from a variety of lacquer colours that both protects the timber, whilst enabling you to choose the look to match your style and dcor. Like all tall furniture, this corner cabinet should be fixed to the wall for stability. Fixtures and fittings are provided for this.
