

1933 ETERNA CHAIR

The ercol Eterna chair was inspired by the ercol Evergreen chair which was designed in the 1950's. This comfortable chair has a steam bent back bow which arches gracefully to create the classic high back, echoing centuries of tradition combined with the latest upholstery design to add levels of comfort, making an impressive contemporary centre piece chair. The steam bent solid ash spindle back is crafted in ercol's Buckinghamshire factory by skilled crafts people.

TECHNICAL SPECIFICATIONS

PRODUCT TYPE

Chair

SEAT HEIGHT

44cm

MAX LOADING WEIGHT

110KG

CONSTRUCTION

Solid Ash

SEAT DEPTH

55cm

ASSEMBLY

Fully Assembled

FINISHES AVAILABLE

Vintage

CLEARANCE UNDER
