

3831 WINDSOR WIDE IR TV UNIT

Featuring the ercol IR eye, with this Windsor TV cabinet you can use your remote control for your Digi boxes with the wooden doors closed, keeping your electronic gadgets and all the wiring hidden from view. Inside the cupboard, is an adjustable glass shelf, maximising flexibility. Two spacious drawers positioned to the left of the cupboard compartment offer additional storage. Wooden oval handles within a slight oval recess feature on the drawers and cupboard doors add detail to the cabinet and are classically ercol Windsor. The TV cabinet will be finished in your choice from a range of lacquer colours that both protects the timber, whilst enabling you to choose the look to match your style and décor.
