

4370 HEXTON ARMCHAIR

Inspired by the iconic ercol Studio Couch designed by the company's founder Lucian Ercolani in the mid 1950's, the Hexton armchair has been brought up to date by incorporating fully upholstered cushioning to create a comfortable modern chair. Cushions are held within the statement curved show wood frame ends that include a steam bent top rail created by ercol's expert craftsmen in their Buckinghamshire factory, the upholstery is made by skilled workers in Wales.
